**Disclaimer and Terms of Use for Fetal Life LLC Datasets**

The following disclaimer and terms of use govern the utilization of datasets provided by Fetal Life for the educational project, "Early Intervention for Gestational Diabetes Prediction using Machine Learning," by Syracuse University students. By accessing and using these datasets, you agree to abide by the following conditions:

1. **Educational Purpose Only**: The datasets provided by Fetal Life are exclusively intended for educational and research purposes related to the "Early Intervention for Gestational Diabetes Prediction using Machine Learning" project at Syracuse University. Any use beyond educational purposes is strictly prohibited.

2. **Data Confidentiality**: You acknowledge that the datasets provided by Fetal Life contain sensitive and confidential information related to maternal and fetal health. It is your responsibility to maintain the utmost confidentiality and ensure that this data is not shared or disclosed to any external parties or sources.

3. **Non-Commercial Use:** You may use the datasets solely for non-commercial purposes within the scope of the educational project. Any attempt to use this data for commercial activities or financial gain is strictly prohibited.

4. **No Redistribution:** Under no circumstances should the datasets be uploaded, shared, or redistributed on external platforms, websites, or data repositories, such as Kaggle or similar services. The data is to remain within the confines of the educational project at Syracuse University.

5. **Data Ownership:** Fetal Life retains ownership of the datasets and related intellectual property. The use of the data does not grant you any rights to claim ownership, reproduce, modify, or distribute it beyond the scope of the educational project.

6. **Ethical Considerations:** You are expected to handle the data with the highest ethical standards, respecting the privacy and confidentiality of individuals represented in the datasets. Ensure compliance with all relevant data protection regulations and ethical guidelines.

7. **Data Security:** You are responsible for implementing appropriate security measures to protect the datasets from unauthorized access, loss, or breach. Any security incidents or breaches should be reported immediately to Fetal Life.

8. **Termination of Access**: Fetal Life reserves the right to terminate access to the datasets at any time, without prior notice, if there is any violation of these terms or concerns regarding data misuse.
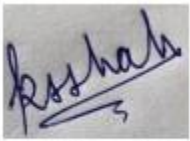

By using the datasets provided by Fetal Life, you acknowledge and accept the terms and conditions outlined in this disclaimer. Failure to adhere to these terms may result in legal action and the termination of dataset access. Your responsible and ethical use of this data is essential to the success of the educational project and the protection of individuals' sensitive information.

**Project Team Members:**

1. Karan Saurabh Shah
2. Sahil Sanjay Bhagat
3. Shubham Ravindra Koshti
4. Francisco Franco Arenas
5. Hitesh Jitendra Patil

By using the datasets provided by Fetal Life LLC, you acknowledge and accept the terms and conditions outlined in this disclaimer. Failure to adhere to these terms may result in legal action and the termination of dataset access. Your responsible and ethical use of this data is essential to the success of the educational project and the protection of individuals' sensitive information.
